

Hi all,

I hope you and yours are all in good health and not suffering to much in this time of trouble and uncertainty. I don't think anyone was ready for what is taking place. They say that it is almost as bad as what took place during the war and for some it is. We got over the war but it took a long time; let's hope this epidemic passes a lot quicker.

I'd like to endorse the comments made by our Captain and Lady Captain on the work done by all who have been working so hard to improve the course, I'm not able to help (he says with a smile on his face)

- 1 I'm too old and would only be a burden.
- 2 I'm sheltered and am told I'm not leave the house.
- 3 The wife won't let me.

Having seen the work done to the course once again my thanks goes out to all.

It appears we will be able to resume playing this week be it only for exercise, please take care and follow the instructions laid out, if you require a mask there are enough bandits the course to make sure you can get one.

Seriously, please follow the guide lines laid down for all our safety.

Take care and hope to see you soon.

Taffy  
Vice Captain
